

The Canvas Works of Patrick Nagel

This guide is for your familiarization of canvas works of Patrick Nagel. Nobody knows how many pieces were produced on canvas, but all were created between January, 1982, and January, 1984. Best guess is 80+ pieces, although some canvases have long since remained unavailable for view or verification. Those pieces are marked with an asterisk. If no image is available, an alternate non-canvas version has been inserted. Similarly, most of Nagel's work was untitled. We have slotted in titles to make identification more specific.

This guide is for information purposes only and not an advisory as to the financial or material value of any of the pieces listed herein. The author(s) of this publication have made "best efforts" to provide accurate information and assume no responsibility or liability for the accuracy of its contents.

PLEASE FEEL FREE TO CONTRIBUTE YOUR OWN PHOTOS OR PROVENANCE AS TO THESE OR OTHER CANVAS PIECES.
